## N Cahuenga Beatification Lighting-Proposal

### Installation of RGB Up Lights

#### Location N Cahuenga: East Side Palm Trees

##### **East N Cahuenga Eight (8) Palm Trees with RGB Up Lights**

- BrightLife will install LED RGB color changing Light Fixtures on Eight (8) palm trees. There will be two light fixtures attached to the top of each palm tree around the nut of the palm. The lights will be directed up and wash the fronds of the palm with light. Each fixture will be attached with a strap method to insure perseverance and no damage to the palm. Lights will be powered with 16-gauge power cable ran overhead. Permanent install.

#### Location N Cahuenga: West Side Palm Trees

##### **West N Cahuenga Seven (7) Palm Trees with RGB Up Lights**

- BrightLife will install LED Warm-White mini lights on Seven (7) palm trees. There will be two light fixtures attached to the top of each palm tree around the nut of the palm. The lights will be directed up and wash the fronds of the palm with light. Each fixture will be attached with a strap method to insure perseverance and no damage to the palm. Lights will be powered with 16-gauge power cable ran overhead. Permanent install.

#### Power Infrastructure

- Power Infrastructure will have to be put in place, this will require pulling 120V power receptacle from each light pole. A light pole adapter will be used to tap into the photo cell at the top of each light pole. 14/3 SJO Lead Cord attached to each adapter. Overhead cables ran to power the lights with a 16-gauge power cable. 3-way adaptors included. Permanent install.  
Please Note: Specialty lift equipment (Boom Truck) will be required to run power from the top of each light pole.

#### **RGB Color Changing Lights: Quantity of 30**

- BrightLife will install a quantity of Thirty (30) RGB lamps on (15) Palm trees from Selma to Sunset. RGB lamps will be installed up in the trees with a custom bracket system for each lamp. RGB up lights will be placed facing up to light the palm and fronds, recommending two per palm. Each lamp will be set to the client's desired colors one time during first installation. (Example; Red, Green, White for the holiday seasons). However, they can be reprogrammed to many different colors and motion settings.
- Extension cords and 3-way adaptors are included in this price. Permanent install.

#### Warranty & Maintenance Agreement

##### **Warranty of RGB Uplights:**

- One-year warranty with a site visit for inspections once every two months.

#### Permits & Approvals

- Price includes all required city approval permits and encroachment traffic permits required for installation. (Estimated \$600)
- Price includes all power cables to each location.
- Per city code no city light poles with traffic signals will have pole mounts installed.
- Includes sales tax and shipping

#### Re-Programming of LED RGB Color Wash Lamps (Rates)

##### Cost to Re-Program Per Palm (Two Fixtures):

- Each fixture can be several different colors and even be programmed to different standalone patterns. Each fixture also has the ability to be controlled via DMX with a controller. See chart below for standalone color options with no DMX controller.

Price \$60.00

#### Lead Time & Deliverables

- Estimated two to three-month lead time for materials, specifically LED RGB Color Washers.
- Extension cords and three ways (i.e. Power Infrastructure) will be installed and complete prior to mini light installation
- Light Pole 120V Adaptors will be installed prior to mini lights being installed.

**Rental:** N/A
